

# Conference sponsors

This year's conference will have sponsors who are product and service providers to the public accounting profession and who will be exhibitors at the conference. Our sponsors will be located directly outside of the General Session Room. We ask you to please plan to stop by and meet with our sponsors during your breakfast, lunch and refreshment breaks, or at any other time you have an opportunity and learn more about how they can help you further improve your practice.

The following is a brief description of what each of our sponsors has to offer:

**Engineered Tax Services Engineered Tax Services (“ETS”)** is the preeminent symbol of excellence in engineering based tax advisory services. ETS is the only nationally scoped engineering firm of choice amongst leading CPA Firms and Fortune 500 Companies. Our unique business model of engineers working collaboratively with accountants and attorneys impeccably aligns true subject matter experts with proven methodologies that are pragmatic and sustainable on IRS and multi-state examinations. Our subject matter experts of engineers, accountants and attorneys have exceptional proficiency in the design, implementation and execution of methodologies for engineering based tax advisory services that make us the firm of choice amongst leading CPA Firms nationally and globally. Our service offerings include, but are not limited to: Research Tax Incentives, Energy Tax Incentives, Energy Audits & Energy Star Benchmarking, Premium Cost Segregation Services encompassing Construction Tax Planning & Abandonments, The Proper Tax Treatment of Repairs and Maintenance Expenditures, and Preservation Tax Credits including Historic Tax Credits and Rehabilitation Tax Credits.

**SurePrep** is the leader in 1040 automation for CPA firms. Our solutions are used by more than 19,000 tax professionals ranging from Big 4 firms to sole practitioners and all firm sizes in between. SurePrep provides the most automated solutions available to streamline the entire 1040 process for both the CPA and taxpayer. Since 2002, our technology has been used in the preparation of over 1,900,000 individual and business tax returns.
